

DHL eMailShip

With DHL eMailShip, you can prepare shipment and booking details in PDF or Microsoft Excel format, and send them via email — an innovative idea that's a first for the industry! This saves you the time and effort of completing paperwork and Air Waybills manually.

This tool is ideal for small/medium businesses who have decentralized multiple users and locations.

WIPE OUT EXTRA PAPERWORK WITH THE CLICK OF A BUTTON.

DHL eMailShip has been specially designed to make shipping easier. Powerful features include:

- Storing your receivers' details for easy reference with the address book
- Arranging for any relevant parties to receive delivery notification
- Preparing and printing your own DHL Air Waybills, Shipment Receipts, Customs Declaration Documents and Packing Lists

With DHL eMailShip, you command convenience and efficiency at your fingertips.

HOW DOES MY BUSINESS BENEFIT?

Improved productivity and time saved

- Reduce time spent on filling out shipment details as address book enables information in previous submissions to be reused
- Reduce errors that may occur due to manual preparation as the system will instantly check the information input
- Reduce paperwork and save storage space

Enhanced convenience and ease of use

- Flexibility to work offline at your own leisure
- Convenience of scheduling pick-ups without having to call
- Peace of mind as system promptly informs you via email when delivery is made
- Time and cost savings as no software installation, high-speed Internet access, upgrades or costly maintenance is required
- Easy to use with no user IDs and passwords to remember
- Hassle free with no installation of a third-party plug-in on company computers

WHAT DO I NEED TO GET STARTED?

DHL eMailShip is for any smart business that wants time and cost savings when it comes to shipping.
